

# Geometric Range Search

Range Tree: Optimization

- Coherence

Junhui DENG

[deng@tsinghua.edu.cn](mailto:deng@tsinghua.edu.cn)

👁 Observe further that, for each query

- we need to **repeatedly** search

- different** lists/y-trees,

- but always with

- the **same** key

❖ However, such an essential fact  
is not used yet
